

Web Services Pricing List

Complete Web Site \$200 setup \$20/month	Most websites will fall under this category. This includes complete custom design, domain registration, and the monthly hosting price also includes any modifications you want to make to the site.
Hosting only \$5-30/month	If you just need web hosting so you can develop your own website then we can help you out. After we determine your usage we will give you a custom quoted price.

Note: Prices will vary for web design. After we have a conversation with you and go over the details of exactly what you need we will determine an exact price and give you a quote.

Some prices may vary.
